

Three Compartment - No Drainboard

MATERIAL

14g. or 16g. Stainless Steel, Type 304, #4 Finish
 1-5/8" O.D. SS 304/4 Tubular Legs, .065 Wall
 Stainless Steel Gussets, and Adjustable Bullet Feet

CONSTRUCTION

Built in compliance with NSF Standard No.2 and bear the NSF mark of approval.

Sinks are formed fabrication (NOT DEEP DRAWN) maintaining 14g & 16g thickness throughout the bowl. We use stamping dies that draw bottom of bowls down eliminating build up of water around drain.

Standard drainboards are embossed for better drainage and appearance.

CORRUGATED drainboards allow air and water to flow under all washable items reducing bacterial and odor and eliminating suction and cross-contamination.

8" Backsplashes designed to maintain truly straight backsplashes for easier installation.

12" Deep Standard Sinks Bowls

3-1/2" SS Basket Drain & Strainer Included
